Fred Duncan Deals With Record of Conservative Party In

Give Clean Government.**

Tactics such as are being used by the Conservatives to defeat Fred Duncan, the Liberal candidate in East Edmonton, were forcibly dealt with by the Hon. A. G. MacKay, Mr. Duncan and J. W. Hefferan, at a Liberal rally in the McCahey school Tuesday night. Mr. Duncan who received an exceedingly good reception, being applauded many times during his address, mentioned that he had been refused admittance to a Conservative meeting in the Garland theatre in the afternoon, another instance of "party chivalry."

"Clean Government,"

people of repeated attempts made to gain permission from his opponent to address the meeting for a few minutes.

J. W. Hefferan followed and argued that the issue was clean-cut and was a straight party question. The campaign of the opposition was characterized as slanderous. He told of receiving a letter from a Conservative, in which he said was a huge joke and contained nothing but childish statements. According to a review made that day, he said, Mayor Hefferan said he received a letter from 300. He also stated that W. M. Davidson, Liberal candidate in Calgary, will be elected. Just as he finished a lady asked him if he would call on her. He replied "I would not call on a lady who would not call on me."

Commencing by telling the audience that he had read an appeal by his opponent for the first time, he asked "Do you think it is possible for a man who follows a government that has written the blackest pages in our country's history to lead a clean government?" He pointed out that the Conservatives have not put forward a single platform during their campaign, but have been conducting a campaign of destructiveness. "Do you want destructiveness or constructiveness. The issue is clean cut—destructiveness on the one hand, and constructive measures on the other. I have not seen one constructive plank in any speech from a member of the opposition," he declared.

Turning to the opposition, the speaker was a question to be settled by the Dominion government, which he said the Liberals will have to answer behind them in carrying it out.

"I never saw an election where truth was so murdered as in this campaign," was Hon. A. G. MacKay's comment when dealing with the charges of the opposition. He read a letter he received, reproduction of which will appear in another column of this paper, and characterised certain parts of it as "hellish lies." He said that the usual fate of Ramsey's doom on election day. He asserted that the campaign now had got down to a contest between hollow hypocrisy on the one hand, and honesty on the part of the Liberals.

you would the reins of government be put into the hands of a party that would stoop so low as that," he asked. He charged that the policy regarding the educational situation in the province as put forward by his opponent was to grind every dollar out of the working people so that they would be unable to pay for a decent education for their children. He reminded the voters that they owed the government their support for the liquor act, the payment of wages of the working man, and referred to the liquor act, the women's franchise bill, the dower act, the direct legislation act and the factory act.

Mr. Duhaime stated that he had been refused admittance to a Conservative meeting in the Garland theatre that afternoon. He told the

The following questions and answers taken from the Hansard report of the proceedings in Parliament on May 30th speak for themselves.

They show that the gentlemen who are running as Opposition candidates in the constituencies of Beaver River and Olds were taken on the pay-roll of the Dominion Government in 1913, just after the last Provincial election,—at which they were candidates for seats in the Legislature—and that they resigned just in time to accept nomination as candidates in the present election.

MOUNTAIN PARK, June 5.—At a meeting held yesterday between a committee of the local miners' union and the manager of the Mountain Park Coal Company, Ltd., the deci-

A strike was declared which will be maintained until District No. 1 miners obtain a satisfactory settlement and until the local company agrees to that settlement.

It is thought, however, that the men might consider returning to work if offered 25 per cent.

HIGHLAND PARK SHOWS STRONG FOR DOUGLAS

Largely Attended Meeting in Mission Hall Gives Liberal Candidate Rousing Reception.

A rousing meeting was held last night in the mission hall, Highland Park, South Side, in the interests of Mr. Douglas, Liberal candidate for the constituency of St. James. There was a large and attentive audience, who loudly applauded the telling points made by the speaker.

The first was W. T. Petheridge, who spoke from the standpoint of a man who has spent his long life in England, and who has seen the conditions in the old country. He compared Canadian and British Liberalism, both of which were progressive and beneficial. He also pointed out the valuable social legislation brought down by the Sifton government.

Mr. W. Quayle, secretary of the Alberta Liberal Association, after reading the financial statement of the association, showed them to be in a most satisfactory condition, proceeded to deal with the charges which have been made by Mr. Crawford and other Conservative speakers that the government had been squandering public money. Mr. Quayle pointed out that the government had not the power to spend a single dollar that had not first been voted by the legislature. Mr. Crawford and his fellow members had objected to the bills authorizing expenditures for public purposes, and consequently if there were any extravagance they were equally responsible for it.

The speaker gave the lie to A. U. G. G.'s allegations that the national debt was composed of mortgages and that soldiers' wives were being themselves behind the mortgage act and evading the payment of their just debts. Regarding the government's railway policy, Mr. Quayle said that the board of trade and other business bodies of Edmonton had always taken the position in the development of the north-west by its railways, yet to serve party advantage, the Conservative party was opposing that railway policy.

Mr. Douglas, who had been speaking elsewhere, concluded the meeting with a vigorous address and appealed support upon his record as a public man. He was enthusiastically received and it is conceded that he will have a strong vote in the Highland Park district on election day.

CASPARY IS SENT TO HOSPITAL FOR INSANE AT PONOKA

Man Suspected of Murder At Magnolia Has No Knowledge of Actions

The final scene of the Magonia murder case has been enacted. Peter Caspary was to have appeared in the police court Tuesday morning to answer a charge of murdering his companion, E. E. Prouse about May 15th, in his shack, eight miles from Magnolia. When the case was called it was explained that the prisoner was in the hospital for insane at Ponoka.

The day the murder was supposed to have been committed, the shack was burned down and the charred remains of a man were found and also a pile of charcoal that was thought to be Prouse. An inquest was held in the ashes and it was then thought that they were all that was left of Caspary. About the time analysis was finished on the charcoal and the provincial authorities had found they were not able to obtain sufficient proof that the remains were human, Caspary appeared at a neighbor's house and requested food. He had spent a week in the bush "providing" for his needs, a public man. He was enthusiastically received and it is conceded that he will have a strong vote in the Highland Park district on election day.

Caspary when brought to Edmonton complained of snakes in his throat and when he appeared in the police court last week he was remanded into the custody of the Attorney-General's department to wait the pleasure of the Lieutenant-Governor in Council.

LIQUOR SEIZED; TAXI DRIVER IS HELD ON CHARGE

The detective department seized seven cases of intoxicating liquor and one bag containing a number of bottles of it in a disused house in a lane near Jasper avenue between 112th and 113th streets. Harry Fox, a taxi driver, was placed under arrest by Detectives Petheram and Appleby, charged with a breach of the liquor act. He appeared in the police court Tuesday morning and was adjourned until Friday morning.

VETERANS HAVE A MAGNIFICENT WELCOME HOME

Sixteen Returning Soldiers Greeted At Station With Cheers and Music.

A magnificent reception was accorded the sixteen disabled veterans who returned to Edmonton Tuesday evening. It looked as though half the city had turned out "when the boys came home," to do them honor. The crowd of streets, the dense throng that surged about the train, the music, the electric enthusiasm that prevailed, made one think of the never-to-be-forgotten scenes enacted when the battalions marched away bound to that "unknown destination" from which it was the destiny of so many splendid fellows never to return. But here the resemblance ceased. It was a welcome home and not a farewell. The band played that cheerful if not exactly classic air, "Hail, Hail, The Gang's All Here," and not "The Girl I Left Behind Me." What tears were shed were tears of joy, and if a limping figure, pathetic in its faded khaki, a bandaged arm, or a face worn and lined with sickness bore mute evidence of what the boys had gone through, the fact that they were back again and back to stay outweighed all other considerations and stamped the scene indelibly upon the memory.

Not Badly Crippled
The men who arrived on the train from the south were, for most part, not badly crippled. The greater number were "limping" and "hand" cases. In the party were the following: Ptes. W. Wright, 9759 76th avenue; Ronald McPherson, St. Elmo Hotel; Lester, 28 Sinclair block; Young, 9225 107A avenue; Lemaniel, 708 107th street; Robinson, 11-10 18th avenue; Robert Reid, City; Perry, 10229 104th street; McLean, City; Milner, 11884 53rd street; Tibbault, 9633 109th avenue; Hodgson, 9538 76th avenue, all of Edmonton, and also Ptes. H. H. Selkirk, Fort Saskatchewan; George Trebbles, Grande Prairie; William Hambling, Dunstable and Charles Brand, Carrot Creek.

They were met at the C. P. R. station by a great crowd which cheered them enthusiastically when they alighted. A special deputization consisted of Dr. Rhelidon, president Bailey of the Great War Veterans' club, Mr. Gerrie, of the Military W. M. C. A.; Secretary Stutchbury, of the Provincial hospital committee; Secretary Reinhardt of the Veterans club; Mrs. Margaret MacDonald; Miss Forin and others.

Met by Automobiles
The Newsboys' band supplied the music. Many citizens loaned their automobiles which left the station filled with returned men and members of their families, some being taken to their homes and some to the veterans' club rooms where an impromptu entertainment and a general reunion made the evening a merry one. Those supplying cars were: D. W. Macdonald, Dr. A. Forin, R. M. Brown, J. S. McCoppen, Dr. G. Malcolmson, Dr. Terwilliger, Dr. Whitelaw, Capt. J. S. Hensley and Penderley Co.

An equally enthusiastic reception was given the returned heroes at the south side. A cheering crowd gathered at the station. The three men whose homes are in Strathcona were taken there in the cars kindly provided by Messrs. Barr, Wankel and McKee.

Women's Police Court

Charges against Louise Hurlbur that she kept a disorderly house against Clara Cochrane for being an inmate, and Edward Roupe for having been found there without lawful excuse, were dismissed. Gordon Winkler appeared for the defendants.

Judgment with costs for non-payment of wages was given against Mrs. Maclean, the complaint being laid by Clara Phillips, domestic. E. D. Byers represented the complainant.

According to the affidavit for non-payment, was committed to the Beaulieu Home.

City Police Court

Jean Lafore, of the Savoy hotel was fined \$60 and costs by Magistrate Barclay in the police court on Tuesday morning on a charge of a breach of the Liquor Act. According to the evidence of the police a bottle of whiskey was found in Lafore's room.

A sentence of fifteen days at the prison farm on a charge of vagrancy was given Jacob Gaylord.

John G. Besserman was charged by Teresa Lowden with the theft of a musical instrument. The instrument was found in a second-hand store by the police and if the dealer is found the case will be disposed of Wednesday.

As Theodore Zielke was sentenced to three months by Justice Hyndman in the Supreme Criminal court last week the charge in the police court of carrying weapons without a permit was laid over until June 30th.

On a charge of a breach of the Motor Vehicle Act Herman Kerasab will come up again on the 6th. On a like charge T. P. Hall and G. E. Cummings will appear on the 9th.

The case of E. T. Palmer, who is charged with being drunk while in charge of an auto and with failing to return to the scene of an accident was laid over until Saturday.

Mike Orischuk, who is charged with a breach of the Masters and Servants Ordinance, will appear again Wednesday. H. H. Hyndman, counsel for the prosecution, was unable to attend court.

THREE MONTHS FOR SHOOTING NEIGHBOR

William Blake, a farmer near Clyde, was sentenced to three months in jail by Justice Ives in the supreme criminal court Tuesday morning. He was charged with unlawfully wounding William Fowle, a neighbor. Blake is an elderly man and has several sons at the front. In view of this Justice Ives pointed out that he would not deal as severely with him as he would under other circumstances.

According to the affidavit submitted Blake had taken a logging chain from the barnyard of Fowle and when Fowle went to get it the two got into an argument at the door of Blake's home and Blake reached for a gun. Fowle slammed the door and Blake shot through it, a bullet entering Fowle's knee.

Conservatives' Idea Regarding Fair Play

When Mayor Henry called his meeting in Wesley Methodist church last Friday evening he invited Mr. Ewing to send two speakers to present the case for the Conservatives. Mr. Ewing and Mrs. Clyde Macdonald last night. Mayor Henry was invited to the Ewing meeting at McKay Ave. school, but when he asked for a similar privilege as he had extended he was met with a point blank refusal.

Electors can judge for themselves of this exhibition of fair play.

TORY WORKER TRIES TO BRIBE SOLDIER'S WIFE

Woman Prefers Charge at Crowded Meeting in Support of Fred Duncan.

Charging that a Conservative canvasser had attempted to bribe her, a soldier's wife at a meeting held Monday night in the Rose Theatre, Alberta avenue, in support of Fred Duncan, the Liberal candidate, exposed the underground methods being pursued by the Opposition in the East Edmonton constituency. The exposure took place at a mass meeting of women, and the building was so crowded that some two hundred were turned away.

Mrs. R. H. Knief.
Mrs. R. H. Knief was the first speaker. She dealt with the public health administration and the patronage system of the federal government.

Mrs. McLeod spoke as a soldier's mother, saying that the treatment being given by the Sifton government to the soldiers was absolutely fair. She had done things for Alberta no one could deny.

Mr. Duncan Get Fine Welcome.
Mr. Duncan was given a fine reception. He criticized the anonymous letter being sent by Conservatives to soldiers' wives which was full of falsehoods. He dealt with the representation of the soldiers which was misrepresented in proportion than that given those who stay at home. For example, East Edmonton with 11,000 voters has one representative while 35,000 in the west has thirteen members. He quoted the figures regarding demonstration "arms showing the misleading statements of the opposition. The Sifton government had always been friendly to the labor people and were deserving of their support.

Mrs. Nellie McClung.
Mrs. Nellie McClung was given a great reception when she rose to speak. She told of her attitude at the beginning of the campaign and her reason for changing strongly to the Liberal support. Men who had fought in the unfair war the Conservatives had were not entitled to support and would not be so in charge of the government of Alberta. The only stand women could take was to support the government who had given the progressive legislation that the Sifton government had.

She dealt with the beneficial hospital legislation pointing out how it would help the women residing in outlying districts.

A lady questioner asked why alien were employed in the post office.

A big point for the Liberals was scored when it was pointed out that the post office is under Dominion control and the Borden government is responsible.

Attempt at Bribery.
The sensation of the meeting came near the close when a soldier's wife asked permission to make a statement. She explained that her next door neighbor had come to her and said "Mr. King would take her to the pool on election day in an auto and she would be given \$2.50 for her trouble."

"Where is the money to come from?" asked the soldier's wife and she was told it was being supplied by the Conservatives to recompense her for her trouble.

PROMPT ACTION TO REINFORCE FIGHTING LINE

Business Men of City Urge Federal Authorities to Vigorously Prosecute War.

With every member present uniting in the opinion that every possible national and non-political effort should be made by the government and people of Canada toward a vigorous prosecution of the war until success rests with the allies, the joint meeting of representatives of the Board of Trade, Canadian Club and Rotary Club at the Macdonald hotel this morning unanimously passed a resolution calling on the political leaders at Ottawa to see that prompt and decisive action is taken by parliament to adequately reinforce Canada's armies overseas.

The decision was not arrived at without considerable discussion which was moreover not free from personal feeling and expressions, though each and every speaker dwelt with the national crisis of coalition and conscription in terms which showed that their desire was for decisive and non-partisan system of maintaining and increasing Canada's effectiveness in the world struggle.

Borden Government Condemned
Some of the speakers severely slated the government at Ottawa for hesitancy in handling the problem of conscription and declared that Alberta and the rest of the Dominion for that matter would not stand in the way of compulsion if it were assured that such a plan would be carried through on a strictly non-political basis and that all Federal meddling would cease.

"But I want to see the conscription of wealth as well as of men," declared Rev. Dr. McQueen, and his sentiments were heartily applauded. "We must have politics dropped and this detestable muddling ceased in order to do our share in this war."

The special attack on French-Canadians for opposing conscription was deprecated by some of the speakers who laid the present attitude of Quebec at the door of such political leaders as Bourassa and Lavergne.

At the close of this free and spirited discussion the meeting without a dissenting voice agreed that the following resolution should be wired to Ottawa: "Without delay in hope that it might have some influence in the present crisis in parliament over the problems of conscription and of coalition. This being moved by H. M. E. Evans:

Resolution Passed
"At a meeting consisting of members of the Edmonton Board of Trade, Canadian Club and Rotary Club the following resolution was unanimously passed: 'We view with alarm the apparent hesitating and uncertain attitude of the parliamentary leaders of the country with respect to the reinforcement of our army at the front. We urge that it is imperative, irrespective of all other considerations or sentiments, that prompt and decisive action be taken by parliament to secure these reinforcements.'"

President J. E. Brown of the Board of Trade was chairman of the meeting.

RAILWAY STORY OF OPPOSITION DECLARED FALSE

A few days ago the Edmonton Journal reported that steel laying had been stopped by the C.N.R. and that the story was published with the idea of misleading voters in the constituencies to the north-east through which the line will run.

That the story was false in its entirety has now been established. The work started some time ago owing to pressure on the C.N.R. by the provincial government is proceeding without delay and the steel-laying gangs are now at mile 34.

LIBERALS LOOK IN VAIN FOR \$250; NO MONEY IS UP

Hon. A. G. MacKay Again Offers to Cover, But Money Not Available

Several Conservatives on the street have been circulating the story that the \$250 which were supposed to be deposited with Mr. John McDougall, as a challenge to anyone to dispute the correctness of the statements contained in Liberal Platform No. 1, are still in Mr. McDougall's hands.

This morning, this report came to the attention of Mr. W. S. Campbell and G. Grieve, two gentlemen of undoubted standing, to Mr. McDougall, and Mr. McDougall at once informed them that he hasn't the money, and that it has never been returned to him, and that there is no such money, or any other sum, on deposit with him.

SERIOUS CHARGE AGAINST WIVES OF TWO SOLDIERS

Prosecuted by Dept. of Neglected Children—Allowed Out On Suspended Sentence.

Wives of two soldiers at the front, on the complaint of T. S. Magee, inspector of the department of neglected children, were charged in the juvenile court before Mrs. E. R. Murphy with neglecting their children. The evidence showed that the women abandoned themselves from their homes for hours at a time, on one occasion staying out all night; that their seven children were frequently cold, hungry, dirty and ill, one of them being an infant of 17 months. It was also shown that men visited the women's homes in motor cars at unseemly hours.

One of the women was sentenced to three months in the reformatory, the sentence being suspended pending their good behavior.

Her worship also ordered that the children be made wards of the court, but to be left with their mothers, the allowance from the patriotic fund to both families to be administered by the department of neglected children.

J. M. Macdonald Explains His Position in Regard to Campaign

The following article has been forwarded to the Edmonton Journal with reference to a statement in their issue of Monday:

Editor, Edmonton Journal:
Dear Sir—On my return from Holden this morning I noticed an article published in your paper of the 4th inst. concerning my withdrawal from Mayor Henry's Central Committee Rooms, which is not correct, and I beg to herewith hand you a correct statement of same.

Let me first say there was absolutely no agreement between myself and Mr. Blackburn about exchanging lists, as I had never expected that Mr. Blackburn would be in a position to supply us with lists in advance of ourselves obtaining them; when he or someone from Mr. Ewing's Committee Rooms asked if we had a copy of Poll Lists numbers one (1) and thirteen (13), I told them we had and I spoke to Mayor Henry about supplying the opposition with copies of these lists, without any hesitation he instructed me to furnish them with copies, and in handing same in, I made a notation that we had not sixteen (16), nor twenty-five (25) to thirty (30), expecting that they would probably be asking for these, as I did not expect they would have them since we did not have them.

Mr. Blackburn had copies of sixteen (16), thirty-one (31) and thirty-two (32), and when returning the copies loaned, he was good enough to lend us copies of these three lists.

I was endeavoring to get twenty-five (25) to thirty-two (32) completed for our file at Central office for the purpose of enabling us to answer enquiries, and I was continually informed by two of the workers who had been there from the commencement, that copies of these poll lists had not come to hand, and late on Saturday afternoon, I found that these statements were definitely false, as they had come to the Central office on the previous Thursday, and had been kept hidden away by these parties who were continuing to inform me that the lists had not yet come to hand.

When I found that these men, with whom I had been working since the commencement, had deliberately deceived me, I immediately refused to continue any longer in the same committee rooms, and at once withdrew. Mayor Henry was absolutely free from any blame in connection with the matter, and I at once informed him of my withdrawal and stated that I would make absolutely no difference to my supporting him, and that I would continue to work for his election, although I would no longer take part in any of the work done at the Central committee rooms, as in my opinion it was the action of these two individuals personally, and not any action on the part of the Mayor, which caused me to withdraw from the Central committee rooms.

Trusting that you will publish this explanation of this matter, I am, Yours truly,

J. M. MACDONALD.

WESLEY AFTER RIDDELL FOR PRINCIPAL

Winnipeg Dispatch Says Head of Alberta College Will Succeed Dr. Crummy.

Winnipeg, June 5.—It was learned today that Rev. Dr. John Henry Riddell, principal of Alberta College, Edmonton, has been elected by the Wesley College (Winnipeg) board as the new principal of that institution. Dr. Riddell was formerly professor of classics at Wesley, and at one time pastor of Grace church here.

Dr. Riddell will succeed Rev. E. B. Crummy, who has been called to a church in Moose Jaw.

In the absence of Dr. Riddell in Calgary the above dispatch cannot be interpreted as an announcement of what action will be taken in the appointment of a successor to Dr. Crummy. The step indicated however has been forecasted for some time, although the action reported from Winnipeg apparently is nothing more than a call extended to Dr. Riddell. Whether he will accept the call will only be known after a meeting of the board of directors of Alberta College, South, which has not yet been announced. At the Methodist conference in Calgary this week Rev. T. S. McColl, principal of Alberta College, North, and Major Kerby urged that steps be taken to unite the theological training work of the four western provinces in one educational institution and that suggestion appeared to find considerable favor. These are the Wesley College at Winnipeg; Alberta College in Edmonton, and the Columbia College in New Westminster, B.C., the south side institution being second largest. Dr. Riddell came to Edmonton in 1903 to take the principality of Alberta College, going in 1913 to take the principality at Alberta College (theological) on the south side, the north side college coming under the direction of Rev. F. S. McColl. The new brick building of Alberta College on the University of Alberta grounds has recently been taken over as a military convalescent home by the Canadian hospital commission, but it has been announced that this will not interfere with the college work next fall.

Edmonton Nurse's Experiences in Sub Danger Zone

A few days ago two interesting letters were received from Miss Martha Moskin, who left Montreal the beginning of May in charge of thirty nurses for England. Her first letter was written on board one of the hospital ships which brought injured soldiers to Canada and returned with nurses. Nothing of any importance happened on the journey, yet in the danger zone one can imagine how very anxious everyone was. Lifeboat drills were frequent, and when an alarm was given every girl made a dash for her lifebelt. For several nights everyone slept with their clothing and boots on. There were ninety nurses, several doctors and a number of orderlies on board. One morning at 4 o'clock a shrill whistle awakened the passengers. In a short time every girl had her left foot on and was on deck, where they were informed that this was not a danger signal, but on account of passing a burning ship. It was the opinion of the captain that this ship had been burning for days and would soon collapse, and that it had not struck a mine, nor had it been torpedoed.

Miss Moskin's second letter was written on her way to the Kitchener Military Hospital, Brighton, where she was going in charge of fifteen nurses. The Kitchener hospital accommodates 1,700 patients, and although open but a short time has already 1,400 disabled soldiers. Miss Moskin arrived in England with her nurses on June 1st.

Cameron, 9391 Cameron avenue, when their second daughter, Florence (Mrs. D. J. McNamara), was united in marriage to Hugh Boulton, youngest son of Colonel and Mrs. W. B. Anderson of Ottawa.

The house was artistically arranged and decorated with palms and roses. The bride entered in the drawing-room on the arm of her father to the strains of the wedding march played by Mr. Dantes Belleau. The bride was unattended. She wore a becoming suit of blue tulle with a cream georgette wrap, and a smart blue hat to match.

Joining a set of cross fox furs after the ceremony. Mr. McPherson supported the groom. The Rev. Dr. D. G. McQueen officiated. Only a few close friends and relations were present who partook of a delicious luncheon before Mr. and Mrs. Anderson left on the one-thirty train for the coast cities on their honeymoon. They will later reside at the Algonquin Apartments on the South Side.

WOMEN ATTEND STORMY MEETING; CAPT. TURGEON DEFENDS HIMSELF

Member For Ribstone Explains, When Attacked By Conservative Speaker, That It Was Tory Patronage Committee Kept Him From Getting To Front—Journal Report That He Was Campaigning In Vermilion Entirely False.

If anyone had the slightest idea that the women of the city were not interested in politics and the present election, it would have been instantly dispelled when they attended the Garland Theatre on Tuesday afternoon.

The Conservatives had sent out to the women and other dependants of soldiers some hundreds of personal letters telling them that the Liberal government had taken the vote away from the boys at the front and that they were in league with the enemies of the Allies, and asking them to attend the meeting at the Garland Theatre and protest against the action of the government.

It was a most interesting meeting with all kinds of excitement and unexpected happenings, and this went on right through the evening. Did the women enjoy it? You bet they did, here were many more who would not have missed it for a five-dollar bill.

As an enthusiastic lady remarked, "I am more convinced than ever that you are deserving of it."

A. U. G. Bury Speaks

The meeting was got under way by U. G. Bury, who works in the office of Mr. Ewing, the Conservative candidate, getting up and making some sort of protesting remarks about something that had been reported in the Bulletin about something that he said at Vermilion.

Then H. H. Crawford, the Conservative candidate for Edmonton South, spoke, and as usual, his name was the subject of the representation of the government, evidently intending his remarks to infer that they had been pending too much money on cars.

Mr. Crawford was very funny, and in some respect, for he told the audience that the government had no right to speak of the legislation that had passed. It seems that he has the opinion to claim all the credit.

Mayor Henry Appears

Mr. Crawford was at one of his periods when there was an outburst of applause, and Mayor Henry was seen making his way to the platform.

Mayor Henry was put on the next, and in spite of the fact that the first few rows of the theatre had been carefully packed by the Conservatives, he got in some pretty effective work.

FIRST RETURNED LOCAL VETERAN TO BE MARRIED

Bentley-Marshall Wedding a Notable Event—Surprise Reception Follows.

The first marriage of a returned soldier attached to an Edmonton battalion, which took place yesterday, was enthusiastically celebrated by the veterans and their friends in a manner that will make the occasion a memorable one.

The wedding itself occurred at 4:30 p. m. at St. Paul's church, when Lance Corporal Amos George Bentley was married to Miss Ada M. Marshall, North Edmonton. Miss G. A. Bentley, a sister of the groom, was bridesmaid, and Pte. A. Morrison, of the 6th battalion, was best man. Rev. Canon Boyd officiated and the ceremony was attended by a large number of returned soldiers, nurses and friends of the young couple.

The bride was attired in white crepe de chine and carried pink tea roses.

Corp. Bentley, who is still under treatment at the Strathcona military hospital, returned from overseas last fall. He has upon his sleeve two strips of gold braid, which indicate that he has been twice wounded. He was first hit during the fighting at Kamel, and a year ago from March 25th last received his disabling injury in the famous Xpress salient. He was one of the first to join up with the 19th and was with that unit continuously while on active service.

Mrs. Bentley is a popular member of the Swift-Canadian Co. office staff.

Last night the newly married pair were treated to a surprise reception which was given at the Oddfellows Hall, Norwood boulevard. They were on their way down town to attend the theatre when their automobile was stopped at the hall and they were fairly compelled to come in, being surrounded in the meantime with rice and confetti.

In the hall they shook hands with a couple of hundred people, veterans, nurses and officials from the hospital and friends who had gathered. Capt. Pinder, of the military hospital, made a few congratulatory remarks and so did Capt. Tatham. There was a recitation by Mr. Harrison and song and more remarks by Lance Corp. Langton. Attempts were made to induce Dr. C. MacDonald and Mrs. MacDonald to speak, but they were seized with a sudden malady and did not appear.

Whereupon the piano was brought in to action and waits and one-step he ruled the hours. Refreshments were served, and altogether, as one soldier put it, they had a "whale of a time."

There was the National Anthem, and the meeting broke up, the ladies having enjoyed themselves thoroughly.

His place of residence was a letter from Brigadier General Griesbach, who disapproved of any election during the war, and said that if an election was held the soldiers should be carried out by British Columbia and Australia.

LOST GROUND RECAPTURED BY CANADIANS

Electric Station, Southwest of Lens, Again In Hands Of British.

Canadian Army Headquarters Overseas, June 5.—The electric light station, southwest of Lens, for possession of which two fiercely contested engagements have taken place and where many hundreds of German, British and Canadian soldiers have been killed and wounded, appears to be safely within the Canadian lines this morning. The German guns turned on it on Monday afternoon in fairly conclusive evidence that the enemy had found it untenable upon his return on Sunday night. Early this morning the Canadian troops holding the trench in the vicinity of the station pushed out to the east of it. The situation is not quite clear on the front, but generally it was a very lively night.

The enemy dropped bombs behind the lines and sent out a raiding party which was discovered before it reached our trenches. It was driven off, leaving five dead or prisoners. They were able to carry off their wounded.

From information that has come through it has been established beyond doubt that the new enemy formations now in training in Germany and which are intended to supply our Hindenburg with his next army are being brought up to supply the sorely-needed reinforcements.

A single division has recently been strengthened by the addition of a considerable number of these young lads of 16 years. Their training is superficial, although their morale appears good and they are physically fit.

Among the other troops who have been at the front for a considerable time the war weariness is spreading, aided greatly by the incessant pounding of the British guns and the deadly nature of the gas to which they are now so frequently subjected.

Faith in the U-boats as a means to victory is dying out, and as it does the morale of the men is lowering. They fight because they must, but many, perhaps the majority, would welcome peace at any price. Discipline holds this discontent within bounds, but it is significant that many prisoners express pleasure that they have been captured.

As the man power falls Germany is turning more and more toward machinery to make good the loss in fighting strength. There has been an increased use of machine guns.

The Daily Poem

THE GARDENER.

The gardener does not love to talk.
He makes me keep the grass walk;
And when he picks his tools away,
He locks the door and takes the key.

Away behind the currant row
Where no one else but coolies may go,
For in the plots, I see him dig,
Old and serious, brown and big.

He digs the flowers, green, red and blue,
Nor waits to be spoken to.
He digs the flowers and cuts the hay,
And never seems to want to play.

Silly gardener, summer goes,
And winter comes with pinching toes.
When in the garden bare and brown
You must lay your barrow down.

Well now, and while the summer stays,
To profit by these garden days,
How may we make the most of them?
To play at Indian wars with them.

—Robert Louis Stevenson.

The lumber for the Imperial elevator arrived this week and it is expected that building operations will soon commence.—Three Hills Capital.

Quickly Stops Sour Burning Feeling and Makes Digestion Painless
The mineral water known as magnesia is a powerful agent in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia salts, oxides, carbonates, sulphates, etc., the most suitable and efficient and the one prescribed by leading specialists is Epsom's Magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation and thus ensure painless normal digestion. Care should be taken to not misbrand magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablet form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepper, charcoal, soda, salts, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work along without the doubtful aid of artificial digestants.

Friendship Pin for Young Girl

Dear Madam—Do you think that a friendship pin would be a nice thing to give me for my birthday? She will be 15 years old in June. Or can you suggest anything nice to give her?

Unless the girl is our sister or some relation it would be out of place for to give her even so simple a piece of jewelry as a friendship pin, and her mother would probably not approve of it at all. Send her a pretty box of flowers or a fancy box or

R.N.W.M. POLICE MEET TEAM OF VETERANS

Unique "Soccer" Event Will Be Pulled Off At Diamond Park.

The match taking place at the Diamond Park this evening will rank in the history of Western Canadian sport as unique, for the reason that it is between two of the most famous bodies of men known to fame. The Royal Northwest Mounted Police, who for so many years have insisted at all cost in keeping law and order in this vast country, and may at any moment be called away, are to meet a team of soldiers, who, having "done their bit" in the world's war, have returned to their own homes after undergoing the ordeal with credit. Play will commence at 7 p.m. The following will be the teams:
R. N. W. M. P.: Goal, Davies; backs, Warrior and Patterson; half backs, Garland, Moss and Clifford; forwards, Brown, Saul, Barley, Buchanan and McKay.
Returned Soldiers: Goal, Pleasant; backs, Goodall and Adams; half backs, Jennings, Price and Hodges; forwards, Clarke, Hunter, Guild, Monroe and Butler.
Referee—O. Carrell.

G.W.G. CO. PLAYS TIE GAME WITH ESDALES

The Great West Garment Co. played a tie game with the Esdales Press at Diamond Park, the score being 14 to 14. The game was called on account of darkness.
Great West Garment Co. batteries—Norman, Ward, Chickuluk and Baxter.
Esdales Press batteries—Godfrey, McCartney, Grant and Keating.
The Great West Garment Co. play the Capitals at Diamond Park a week from Thursday.

Later in the evening members of the Esdales team came to The Bulletin and said that they had won the game. Their statement was that the score was 14 to 13 in their favor, and when they changed pitchers the G. W. Garment Co. team refused to play further.

CONSCRIPTION MAY PARALYZE ORGANIZED SPORT

The Montreal Star sounds a warning note to the professional athletes in Canada. The Eastern Journal predicts a cessation of all organized sports with the coming of conscription. The Star advises one and all to attend at the games they can this season, for under the proposed measure of selective conscription nearly all the present stars in hockey, lacrosse and baseball may be dressed in khaki before the year is half over.

WAGNER HASN'T JOINED PIRATES

He May Be Finished With Baseball For Good.

Although the major ball league teams are well advanced in their 1917 pennant race, John H. Wagner has not yet joined the Pirates. It seems to be decided that the grand old man of baseball is through with the game at last. The game loses its greatest player, the fans their greatest idol. He was far the most famous player that ever played, and many of the records created by the Flying Dutchman in his twenty-five years in the game will never be equalled. Old Honus has made more hits, scored more runs, stolen more bases and driven out more doubles and homers than any other player that ever lived.

Wagner is 42 years old and has played nineteen consecutive years in the big leagues. He was married recently and has a home in Carnegie, Pa. It is reported that he will accept the nomination for sheriff of that county. If he does, there is not the slightest doubt that he will be elected by an overwhelming majority.

BENNY LEONARD WAS FIGHTING WHEN SIXTEEN

Benny Leonard of New York, the new lightweight champion, just passed 31 years of age, started his ring career in Gotham at the age of 16. It was in 1912 that he engaged in his first combat, and since then he has been coming to the front rapidly. He is a legitimate lightweight. He scaled exactly 133 pounds before he entered the ring against Welch.

Leonard fought his way from the bottom to the top of the lightweight division in the past two years. It is that time he has met every present day boxer of prominence in this division. His most recent triumph before winning the title was a seven-round knockout over Ritchie Mitchell in Milwaukee.

A record of lightweight champions since 1888 and the number of years they held the title will be of interest at this time. Here it is:
Abe Hickson.....1888-1879
Arthur Chambers.....1872-1879
Title lapsed till 1886.

LEADING BREEDER GOING TO ENLIST

America's best known breeder of race horses, John E. Madden, says he is going to enlist to enlist and go over to the trenches to fight. His son, Edward, has already gone into the army and is being trained for the battle field. Madden has a big stable this year, but as soon as his thoroughbreds have been taken care of he is going to offer his services to Uncle Sam. Madden's 55 years weigh very lightly upon him and he is still an athlete. He has made a great fortune out of racing and breeding horses, but he will give that up for a while to fight for his country. As soon as he can settle his affairs he intends to enter the officers' reserve corps.

WORKMEN-SOLDIERS ORGANIZATION FOR CANADA IS MOOTED

Vice-President Trades' Congress States Lead of Russia Will Be Followed.

OTTAWA, June 5.—James Simpson, vice-president of the Dominion Trades Congress, today said that steps will be taken to form an organization of workmen and soldiers in Canada somewhat on the plan of the organization in Russia. Referring to the proposal to form a soldiers' and workmen's council in Great Britain, he said it was a practical proposal. "The interests of the workmen and soldiers are identical," said Mr. Simpson, and he went on to declare that the efforts to control the returned soldiers for political purposes could only result eventually in binding the shackles more tightly around them and robbing them of the economic freedom they have been fighting for.

BELGIANS FIRMLY REFUSE

LONDON, June 5.—A despatch to the Exchange Telegraph from Amsterdam says: "According to the Tagelische Rundschau, the recent visit to Brussels of Dr. von Bethmann-Hollweg, the German imperial chancellor, to discuss with general Falkenhayn, the governor general of Belgium, a plan for the partition of Belgium, revealed the absolute refusal of all the Belgian officials to have anything to do with it. The plan, therefore, will almost necessarily have to be postponed."

MORE THAN SATISFIED
LONDON, June 5.—Andrew Bonar Law, government leader, said in the house of commons today that the government was more than satisfied with the result of the British mission to the United States.

CHICAGO DEFEAT NEWARK
NEWARK, N. J., June 5.—The Chicago Americans defeated the Newark Internations by a score of 9 to 3 in an exhibition game of baseball here today.

SAY MINISTER

IS APOLOGIST

OF HIGH PRICES

OTTAWA, June 4.—This evening in the House of Commons, during the consideration of his estimates, Hon. T. W. Crothers, minister of labor, gave the house the results of inquiries which have been made into the cost of coal and sugar in Canada. He advised both the refiners and the coal dealers from blame, stating that present prices are due to conditions arising out of the war. Mr. Crothers expressed the view that a food controller would not be able to do much to bring about a reduction in the price of food commodities.

He was criticized by George Kyle and other Liberal members, who stated that the minister had become the apologist for those responsible for the present high cost of living. Mr. Kyle asserted that the language used by the minister was not that used by Mr. Hoover, the American food dictator, who had stated that in most cases the high cost of articles of food was due to speculation.

Ten Good Reasons Why W. T. HENRY Should Be Elected in West Edmonton

**Electors
Read These
Ten
Reasons
Over Very
Carefully**

**They Will
Convince
You That
W. T. Henry
should be
the People's
Choice**

- (1) BECAUSE, in civic life he has shown outstanding administrative ability which will be of still greater service to the city in the larger sphere of provincial affairs.
- (2) BECAUSE, his experience gained in municipal affairs will make his service to the province invaluable in dealing with problems affecting the cities of this province.
- (3) BECAUSE, his 25 years successful business record in Edmonton has demonstrated his grasp of business affairs, and this training will enable him the better to assist in administering the great and growing business of the province of Alberta, which can be best conducted by experienced business men.
- (4) BECAUSE, he believes in a continuation of the Progressive Policy laid down and followed by the Sifton Government during the last seven years, and which has done much for the development of our province—especially the northern portion thereof, and directly the City of Edmonton.
- (5) BECAUSE, he is also in favor of the policy of the Sifton Government in encouraging and stimulating, by progressive legislation, the development of the agricultural resources and interests of the province.
- (6) BECAUSE, he has shown in a practical way his appreciation of the sacrifices Alberta's soldiers have made, by his endorsement of the Sifton Government's policy of re-education, and acting as a member of the board having this important matter in hand.
- (7) BECAUSE, he is quite in accord with the policy of the Sifton Government in giving our soldier boys representation in the provincial parliament by electing two members direct from the soldiers, together with eleven soldier representatives, elected by acclamation, thereby giving these soldiers thirteen direct representatives in the next parliament, which policy has the endorsement of no less an authority than the London Daily Mail, the best informed and most influential newspaper in the British Empire.
- (8) BECAUSE, he stands today, and has always stood, for equal rights, and under his administration as Mayor of the city, equal franchise for the first time in Canada was extended to women, thus setting an example which has been followed by the province, and which is meeting with favor throughout the Dominion and the British Empire.
- (9) BECAUSE, he has always stood, and stands today, for the protection of the rights of the working man, believing in the fair wage clause and the eight-hour day, and is heartily in accord with the Human legislation passed by the Sifton Government by which the young women of the province are protected in a living wage, which legislation will do much to elevate the moral tone of the community.
- (10) BECAUSE, since it is a foregone conclusion that the Sifton Government will be returned, he would, as a supporter of that Government, be in a better position to promote the welfare and protect the interests of the city than a member elected in opposition to the Government.

Hun Destroyer Sunk And Another Damaged By British Squadron

Enemy Destroyers Were Sighted and Engaged in Running Fight — Seven Survivors of Vessel Sunk Were Picked up and Taken Prisoner—German Naval Base and Workshops at Ostend Are Heavily Bombarded With Good Results.

London, June 5.—A German destroyer has been sunk, and another damaged, in a running fight between six German destroyers and Commodore Tyrwhitt's squadron, the admiralty announces.

The vice-admiral at Dover reports that the enemy naval base and workshops at Ostend were heavily bombed in the early hours of this morning. A large number of rounds were fired with good results. The enemy shore batteries returned our fire, but our bombardment forces suffered no damage.

Commodore Tyrwhitt also reports that early this morning a force of light cruisers and destroyers under his command sighted six German destroyers and engaged them at long range in a running fight. One of the enemy destroyers, the 6-20, was sunk by our gunfire and another severely damaged. Seven survivors from the 6-20 have been picked up and made prisoner. There were no casualties on our side.

France Insists Germany Give Territory Back With Full Reparation

Resolution is Carried in French Chamber by Overwhelming Vote of 463 to 55—Return of Alsace-Lorraine is Demanded — Premier Ribot Says "We Ask Only That Which is Ours be Returned"

Paris, June 5.—By a vote of 463 to 55, the chamber of deputies in secret session has adopted a resolution declaring that peace conditions must include the liberation of territories occupied by Germany, the return of Alsace-Lorraine to France and just reparation for damage done in the invaded regions. The resolution, which was accepted by the government, also favors the creation of a league of nations for the maintenance of peace.

Speaking of the resolution, Premier Ribot said: "The government asks you to vote for the Dumont-Klotz resolution. The long debate, now drawing to an end, has shown with what spirit of sincerity and patriotism the chamber affirms our national sovereignty. It declares that in a democracy like ours there can be no secret diplomacy. None can or wants to flatter with the national sovereignty. None has entertained such thoughts.

"French policy is the policy of frankness and clarity. The hour for supreme decisions strikes: it will be for representatives of the country to determine the conditions of peace. We wish to bring about the triumph of the rights of people and the ideas of justice and liberty. Do not let us be deceived by formulas whose makers hide themselves and who wish to spread the conviction that we seek conquest. We ask only that such is ours be returned to us. We demand that the provinces which never ceased to be French be restored to us.

"The resolution which the government asks you to pass demands a reparation which none can contest, for pulling damages. The universal conscience will ratify these pretensions.

"Appealing to what has been said by the president of the great republic of the United States, we wish to establish in stable fashion justice and right for all nations, guarantees for tomorrow for our children against the renaissance of barbarism. If we fall back into our old differences, the danger may be great, but France united cannot be vanquished. I ask you in the name of the government, in the name of France, that your vote be unanimous.

Mr. John Nader, 38 Penetang street, Barrie, Ont., writes:

"During the last two years I had an attack of indigestion, accompanied by severe headaches. I suffered from loss of appetite, and my system became run down. I also lost considerably in weight. I began using Dr. Chase's Nerve Food, and as they helped me I continued this treatment for some time. My condition is now greatly improved. My headaches are gone and my health in general is much better. I can cheerfully recommend the use of Dr. Chase's Nerve Food to those suffering from nervousness of any kind."

As a spring tonic and restorative to overcome tired, languid feelings and build up vitality at this time of year there is nothing to be compared to Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food, 50c a box, a full treatment of 6 boxes for \$3.00, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute.

WAR VETERANS LAY PROPOSALS BEFORE GOVT.

Committee Discusses Needs of Returned Soldiers and Dependents With Federal Ministers.

Ottawa, June 5.—Twelve members of the executive of the Great War Veterans of Canada, were present before the Returned Soldiers' committee in the Commons chamber this morning, and presented their views on a number of subjects relating to the needs of the returned men and their dependents. The delegation afterwards waited upon Mr. Thomas White and Hon. W. J. Roche before whom they went into further details as to their demands with regard to land settlement and pensions.

Before the committee this morning, Sergeant-Major Robinson, D.C.M., Vancouver, presented a resolution on compulsory legislation based upon claims of the comrades of veterans in the trenches and the need of reinforcements. The resolution demanded that all departments of the government service be searched for single men and married men without children, between the ages of eighteen and forty-five and that they be immediately attested and put in training for overseas service. Their places be filled by competent returned soldiers, where possible. The resolution further provides that officers and men fit for overseas service, who are now detailed on guard or home service, be immediately sent overseas in drafts to fill the gaps of the fighting forces, provision being made for men in the Canadian defense forces who are physically fit to be discharged and brought under the new regulations. The resolution also provides that wherever possible the places of men of military age employed in the various industries in the country should be filled by older men, or taken to supplant the overseas forces further provides that all alien, enemy or otherwise, be conscripted wherever service, the government is deemed fit. The resolution also provides that all factories, public utilities and general industries necessary to the winning of the war be taken over and conducted by the government with adequate compensation to the present owners; that all incomes and wealth in excess of the holders' reasonable needs be placed at the disposal of the government, so that the principle may be carried out that one citizen shall not give more than another.

Pension Proposals.
Capt. MacPherson, of Ottawa, presented the resolution on pensions which was based upon statistics of the war department relating to the cost of living. The resolution advocated increased total disability pension from \$480 to \$840 a year; the fixing of a pension to a widow or widowed mother, without dependence on a slightly reduced rate; the total disability pension; the increase of the pension for children of widows from six to twelve dollars a week; and orphan children from twelve to twenty dollars a week. The pension to continue until the children are 18 years of age.

Capt. J. Finn, of Prince Albert, advocated community land settlement in provinces which own their own land with the granting of 160 acres of land with a cash advance of \$2,500 at 5 per cent. for twenty years. Individual land settlement with a grant of \$20 acres on the same terms would be suitable for the western provinces.

THE SONG OF THE BOW.

What of the bow?
The bow made in England;
Of true wood, of English wood;
The wood of English bows;
No men who are free
Love the old yew-tree
And the land where the yew-tree grows.

What of the cord?
The cord was made in England;
A rough cord, a tough cord,
A cord that bowmen love;
And so we will sing
Of the hempen string
Of the land where the cord was wove.

What of the shaft?
The shaft was cut in England;
A long shaft, a strong shaft,
Barbed and trim and true;
So we'll drink all together
To the grey goose-forever,
And the land where the grey goose flew.

What of the mark?
Ah, seek it not in England;
A bold mark, our old domain
Is waiting over-sea.
When the strings harp in chorus,
And the lion flag is o'er us,
It is there that our mark will be.

What of the men?
The men were bred in England;
The bowmen—the yeomen,
The lads of dale and fell,
Loyal to you and to you,
To the hearts that are true
And the land where the true hearts dwell.

REFERENDUM IS CALLED FOR BY FREE PRESS

Urges Challenge of Anti-Conscriptionists Should Be Accepted Without Delay.

Winnipeg, June 4.—The Manitoba Free Press, in a vigorous article which will appear tomorrow morning, urges the consideration by parliament of the possibility of holding at the same time a referendum and registration in the matter of compulsory service. The Free Press points out that the anti-conscriptionists will make a great grievance of the refusal of this demand, which is now being pressed, and says that the challenge should be taken up if it does not involve delay.

It proposes that a poll be held on a fixed date for a combined registration and referendum. Every male over twenty would fill out a registration card, and on it would mark "Yes" or "No" to the question whether he favored compulsory service. Cards for men of military age would be of a special color and these when collected would constitute the registration record, and on it would mark "Yes" or "No" to the question whether he favored compulsory service. ENFORCEMENT OF CONSCRIPTION TO HAVE PRECEDENCE

So Says Attorney General Of The United States—Heavy Bail.

WASHINGTON, June 4.—The department of justice has centered its energies upon enforcing the conscription law. Attorney General Gregory issued a statement to this effect today. "All other matters for the time being," he said, "will be subordinated to the enforcement of the conscription act. Whenever necessary the assistance of federal state and local officials will be sought."

ASKS THAT OLD STREET NUMBERS BE TAKEN DOWN

Delivery Man Says That Old Signs Are Cause of Confusion

"To do this will be a great blessing to us delivery men," writes George Thomas, of Jasper East, who asks the mayor that all the old street numbers and names be removed, and thus put an end to the source of confusion to those who have to find their way about the city. The writer says that he has been in the city for about a year and with some of the old numbers and names remaining, and being used, while the new ones are also in force, he finds it extremely difficult.

As a benefit to the delivery men all over the city he asks that the old numbers and names be removed.

So Thoughtless.
Mrs. Justward John, I wish you would burst so many buttons off your clothes. It makes me a lot of trouble picking them up.

Caught.
"Isn't he rather fast, dear?" asked the anxious mother.
"Yes, mamma," replied the girl, "but I don't think he'll get away."
Boston Manuscript.

Figuring on a Necessity.
"You ought to be happy, with wheat at \$2 a bushel."
"I'm not," answered Farmer Corntassel. "I'm not any happier than I'd be if the springs were going dry for a season and water was worth \$3 a gallon."
—Washington Star.

In the Dentist's Office.
"It took you an awfully long time to pull that fellow's tooth," remarked the assistant.
"Yes," returned the dentist grimly. "he married the girl I loved."
—Baptist Watchman-Examiner.

A Sure Cure.
Muggins—"My wife cured me of smoking."
Buggins—"Did she put something in your coffee?"
Muggins—"No, I simply gave her permission to buy all my cigars."

Oh, I wish the Lord had made me a man!
"He did, I'm the man!"—London Opinion.

FANTASIES SHOW IN CLEVER VARIETY

Three acts of music and two acts that are new to the stage, and considerably to the value of the act. He does a "growing" stunt reminiscent of the famous Will Rogers who played about five or six years ago. It is gratifying to those who have seen it before and almost uncanny to those who have never had that privilege.

ROMANCE FILMED BELOW THE SEA

The Williamson Brothers, as is well known to most film fans are the sons of an English sea captain who has achieved considerable fame in the past for novel inventions utilized by seafarers. "Like father, like son" is a phrase well adapted to describing the sons for they have inherited an apparatus that eases the lot of progressive men desirous of probing the mysteries of the deep for photographic purposes. The best sample of the results of these investigations is to be found at the Empire theatre this week where "The Submarine Eye" is being shown to large and appreciative audiences.

On Monday, Tuesday, Wednesday and Thursday, next week, Dr. Leonard S. Suggden comes to the Empire for a return engagement with his "Live of Alaska," a picture which is a lecture dealing with the wonders of the Northland. Dr. Suggden's previous visit to the Empire was a success and the distinguished physician for the Royal North West was heard by many persons who never before realized the manifold wonders of the country. The Silver Horde, "The Spellbinders" and "The Barrier."

MONARCH—It is not unusual for persons who know nothing whatever of motion picture production to say that film stars and actresses take no chance of injury to their persons in the manufacture of pictures. It is a fact that films showing trains running at full speed, with the cars jumping on the track do not place lives in jeopardy. But that is not the case in most pictures showing persons climbing up the sides of buildings, jumping from bridges, etc. For instance, when "Doug" Fairbanks, the Artistic star, is seen on the Monarch screen all this week in "In Again, Out Again" the inimitable comedian performed stunts that would have ruined for life many of the easy-going, drawling players who have appeared and are appearing at various times in other motion pictures. The answer is simply that Fairbanks keeps in condition at all times. He

Adventures of Uncle Wiggily

By Howard R. Goss

Uncle Wiggily and the Tulip Flower.

Copyright, 1917, by McClure Newspaper Syndicate.

"Buz! Buz! Buz!" called the captain mosquito to all his soldier mosquitoes, as they flew about the swampy where they lived when they were not trying to catch Uncle Wiggily Longears, the rabbit gentleman. "Buz! Buz! Buz! Come here, all you biting bugs!"

"What is the matter now?" asked one who had yellow spots on his wings to show that he rode on a horse fly when he went to battle.

"I have thought of a plan by which we may capture the famous bunnio uncle," said the head captain mosquito. "Listen, all of you."

"So they all listened, sitting on the underside of leaves, where no one could see them."

"You know," went on the captain mosquito, "that when we tried to capture Grandpa Goosey Gander, who stood guard while Uncle Wiggily slept, that some one fired a gun at us."

"Yes," buzzed all the other mosquitoes. "We know!"

"It wasn't really a gun as you know. For what made the bang noise, as I told you in the story last night, was a blown-up paper bag on the lollypop automobile of the gander gentleman, the mosquitoes having stumbled over it."

"Now my plan," went on the captain mosquito, "is first to get Uncle Wiggily's gun, and then capture him. As he has no gun he cannot shoot at us."

"Very true," said a mosquito with red spots on his wings, which showed that he liked to dance the fox trot.

"Then," proceeded the head biting bug, "tonight we will fly over where Uncle Wiggily is on guard in front of his tent, take away his gun, and the rest will be easy. Now go to sleep for there is much to be done after dark."

So the mosquitoes went to sleep, which they always do in the daytime, giving them that much more chance to bother us at night.

And now we will see what Uncle Wiggily is doing.

The bunny rabbit gentleman was marching up and down in front of his soldier tent, wondering what next he could teach the animal boy soldiers, when along came Jillie Longtail, the mouse girl. In her paw she carried a red flower.

"Oh, Uncle Wiggily!" exclaimed Jillie. "Wouldn't you like a red tulip for your tent?"

"Indeed I would," said the rabbit gentleman. "It will make my tent look very pretty."

"I'll plant the tulip in the cool ground, and pour a little water on it," said Jillie. "Of course it won't grow, having no roots, but it will keep fresh longer that way."

So, while Uncle Wiggily marched up and down, with his talcum powder, popgun held straight up from his shoulder, Jillie planted the red tulip in front of his tent. Very straight and stiff the flower stood up in the ground, and in the middle of it the round yellow thing, like a finger, stood up straight, too. This part is called a pistil, but it cannot shoot, not being speckled like a powder pistol.

"Ha! That looks very pretty," said Uncle Wiggily, as he passed and looked at the tulip to make it stand up straighter than ever. "Thank you!"

Then the animal boys came from school—Sammie Littlebit, the rabbit, Johnnie and Billy Bushytail, the squirrels, and Jackie and Willie Bow-wow, the puppies and Uncle Wiggily gave them lessons in being soldiers.

Meanwhile the mosquitoes were waiting for night to come when they could swoop down on Uncle Wiggily, take his gun away from him and carry him off to their swamp, where they would bite him and bite him and bite, making him itch all over.

"Well, I guess it is about time to start," said the captain mosquito, as darkness came over the swamp. "Mind now! All of you make a rush for his gun the first thing you do. Never mind the rabbit himself until we get his gun, so he can't shoot."

"Are we all going over to his tent at once?" asked a biting bug with a blue necktie, which showed that he liked ice cream cones.

"No, only about a thousand of us will go over to get his gun," said the head mosquito. "The rest of you stay back in the bushes until I call you which I'll do as soon as we have his gun. Come on now!"

Away flew the mosquitoes. Uncle Wiggily, standing guard in front of his tent, was wondering what Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper, would have for his breakfast when he happened to think of the tulip flower. Jillie Longtail, the mouse girl, had given him.

"I must not leave that out all night," said Uncle Wiggily. "I'll bring it in the tent. But first I must get my lightning bug lantern, so I can see."

With some fireflies in an old pickle bottle, which made as fine a lantern as heart could wish, Uncle Wiggily went to get the red tulip flower. He left his tent in a hurry, and the mosquitoes, who were waiting for him, saw him go.

gun in his tent, and as he was stooping over to pick the tulip out of the earth down swooped the thousand mosquito-tormentors.

"There is his gun!" buzzed the captain. "That straight sticking-up thing with red all around it. That red is firepowder. Get the gun!"

Then all those foolish mosquitoes, thinking the pistil part of the tulip was Uncle Wiggily's gun, flew inside the flower, which was like a big cup.

At first the bunny rabbit gentleman was very much surprised to see the biting bugs, but when he heard what the mosquito captain said he knew just what to do.

And if the head mosquito Uncle Wiggily did tightly shut the top part of the tulip flower, catching every mosquito that flew inside it, with the up-sticking green thing they thought was the popgun.

"Ah, ha! I have caught you instead of you getting my gun," cried Uncle Wiggily, and so he had. Then he took the mosquitoes out of the tulip and stuck them on some sticky gum of a pine tree, where they could not get loose to bite him. Then he took the tulip inside his tent and nothing more bothered him that night.

And if the clock-tick part of the watch doesn't hide in the clock where the pendulum is playing tag with the hands I'll tell you next about Uncle Wiggily and his boots.

PROPOSAL FOR RAISING MONEY FOR RED CROSS

Montreal Men Submit Scheme to Commissioner Harrison for Municipal Links

Captain James Hill, of the Royal Montreal Golf Club, and C. Howard Smith, of the Howard Smith Paper Mills, Ltd., have written to Commissioner Harrison asking if he will undertake to run competitions at the municipal golf links in aid of the Red Cross, this being part of a scheme which includes golf clubs all over the Dominion.

The plan followed is this: That the different clubs spread over Canada have one member donate a box of balls every week. These balls are to be put up for competition and every person that enters for them pays \$1, the total amount of money made to be forwarded to the Red Cross.

It is suggested that the money held to the end of the season and the turned over to the Red Cross, and is believed that by following the plan each club can contribute \$20 to \$4 per week without hardship.

Commissioner Harrison is going to enlist the co-operation of local golfing enthusiasts in the proposal.
